## Roxana Adult School

(IT CAN BE DONE)

We wish to make a statement of the progress made during our work. Our sewing class has made 57 quits and they are now in use. We have also done a lot of crocheting, embroidery, etc. and been a candidate for a seat in the Legislature in the coming election. He is a member of the Dixie Diamond Local Union.

If you should like to have some made, work done at the Roxana Adult School. **IT CAN BE DONE!**

We now have a pretty fair blacksmith shop in which we have made and repaired the tools for the farmers in our community. This is a great benefit to the farmers and other workers of this community. We take a great deal of interest in helping them mend and fix tools.

We boast of this motto for our work now—**IT CAN BE DONE!** **IT CAN BE DONE!**

The Roxana Adult School owns a very fair manual training equipment, in which we have had a great deal of success in turning out a kitchen cabinet.

If you should like to have some made, cabinet, anything else—**IT CAN BE DONE!** by our students.

We also have mowers and a garden tool made and sold here. We have a gang of baby chicks. That brooder and brooder house was built by our students. The chicks are doing well and are good students. The house and brooder was built according to the specifications put out by the Department of Agriculture.

Our students have made Rocks, superior quality and doing fine. Hundreds of people have visited this school and chick raising project by brooders, taking root from this section.

If you need a modern brooder and brooder house built—**IT CAN BE DONE!** by the Roxana Adult School.

We also have a six bushel planter and other planter beds to serve our community to save the expense of ordering plants and keep our plant money at home.

Mrs. Bill Franklin is to be spent on agricultural projects to supply the winter storehouse, as we also have a private garden. We have workmen to help each other. We also have a school garden.

We wish to express our sincere appreciation to those who have contributed to our school, money, materials and implements to carry on such work. This work is an educational project to a great extent.

Mr. and Mrs. Chap Caudill and little daughter of Ermine were the week end guests of Mr. and Mrs. John S. Webb.

Mr. John S. Webb and little daughter of Ermine were the week end guests of Mr. and Mrs. John S. Webb.

Miss Annie Webb spent a few days with her mother and with her sister Mrs. Herman Crase.

Hillard Froot of West Virginia and his wife, William Froot over the week end.

It is whispered that Dr. Owen P. Webb is building a home in Whitesburg. We are wishing him great success.

Mr. and Mrs. Edgar Lucas were the week end guests of Mr. and Mrs. Arthur Lucas.

Mr. and Mrs. William Proffit and the twin, Clinton and Clyde were the week end guests of Mr. and Mrs. Dave Williams.

It is whispered that Dr. Owen P. Webb is building a home in Whitesburg. We are wishing him great success.

Mr. Leon P. Webb, Mr. Manuel Amburgo and Mr. D. N. Minton were Saturday evening guests of Mr. and Mrs. Webb.

Can you imagine the boys and girls around here planning on going to the fair and racing and picnics this summer?

Miss Eddie and Eddie, the young couple, were the week end guests of Mrs. Eddie Adams.

Sunday evening the Blackey Christian Endeavor Society, under the supervision of Mr. S. A. Knox, presented a program at the W. H. C. B. building.

The program was well received and the cordial hospitality extended by the people of that church.

We are glad to have Lena Lee Renaker back in school after an illness and we are glad to have her back again.

Mr. Andrew Shepherd is glad to resume his school work, and that reports from Harold Vermillion, who is the John, bring him more encouragement.

### Farley-Holbrook Pledged to Fraternity

A group of students from the Pine Mountain Settlement School, accompanied by Mr. Glynn Morris, director, and Mrs. Morris, and other members of the staff, were here Tuesday, and delighted our students. The group presented a splendid program of folk games and Mountain Ballads. The students and boys said that they have taken advantage of it. The same group recently presented similar programs to the students and parents.

Mr. Farley is a freshman in the College of Engineering and Mr. Holbrook is a freshman in the Arts and Sciences College. Mr. Holbrook takes part in intramural tennis.

Mr. W. L. Cooper made a business trip to Hazard last Wednesday.

Our Girls' school girls, under the direction of the teachers, presented their annual Health Program in the auditorium Friday afternoon. The program included a conducted the devotional and Dr. R. D. Collins, of Whitesburg, in his usual manner introduced the speaker of the occasion, G. Bennett Adams, of Mayking, who delivered a fine instruction program.

Following this came the very interesting and thought-provoking played by the children, each of whom emphasized the importance of forming good health habits.

Mrs. Abbie E. Gray, of South Braintree, Massachusetts, and her son, Mr. Ralph Gray, of Marion, Massachusetts, were here Friday for a brief visit to their relatives Mr. and Mrs. J. M. Phillips and Mr. and Mrs. W. H. Gray, making the trip by motor.

Miss Mary Gray, of Atlanta, is spending several days with Rev. Dr. D. C. Russell, her son.

The play "Better Than Gold", presented by the Home Economics Department under the direction of R. L. R. was a splendid success. A number of our girls and boys possess historic talent in a number of ways and these children for the play were among that number.

The proceeds of the evening's entertainment were \$1,000.00 and that which remains after expenses are paid is to be used for the purchase of a rug for the department.

Miss Emma Bartholomew and Mr. and Mrs. P. A. Tice dined with us Saturday evening.

On Sunday evening, the same Sunday. On the same day, Misses Frances Roison, Lois Covington, and Prunice Caldwell, and Mrs. R. K. Knobell, were the guests of Mrs. Eddie Adams.

## Employees Need Not Carry Social Blanks At All Times

Employees to whom social security account numbers have been assigned for their participation in the Federal old-age benefits program under the Social Security Act under the Social Security Board stated that the Social Security Board stated that it is not necessary for workers regularly employed as to whether it is compulsory that this card should be carried by them at all times.

It is essential, the Board explained, that employees after they receive their cards should report the same to their employer and to their employer. This may be done by letter or by exhibition of the card. Afterwards, the Board suggested that the card be placed in a safe place for the purpose of protection.

Damaged cards or those reported lost or destroyed will be replaced by the Board upon application; however, the preservation of the original card, it is stated, is a matter of personal choice to an employee for a certain amount of time. Between the receipt of an application for a duplicate and the issuance of the new card to the owner.

The Board has rejected suggestions that an official list of account numbers be made. The Board said, however, that it places no restriction on employees who may wish, at their own expense, to keep their account numbers. The Board said,

## Letcher County Farmers Are Interested In Improving Soil

That Letcher County Farmers are taking seriously soil building and soil improvement projects is immediately seen by checking the list of men who have reported on the spreading of super-phosphate. Thru the influence of the County Agent Boyd White, Letcher County has ready had two car loads of phosphate shipped in and delivered to the farms. This (Wednesday) morning another car load of phosphate is on the L. & N. tracks being unloaded and another car has been ordered. It is a safe bet, then, that the phosphate will be building the fast depreciating soil of Letcher county during Boyd White's term of office than has been done since the county has been established.

Lime has been spread by the thousands of tons and super-phosphate is being applied generally. The lists of the farms who participated in the first two cars are as follows:

**First Car**  
G. B. Adams, Mayking ..... 800 lbs.  
B. W. Hale, Whitley ..... 1,200 lbs.

## Jenkins Fight Fans To See Real Battle

Jenkins American Legion opens Boxing season May 1st, 7:30 p. m. with three main gones on the card.

In the main go, Frankie Hughes from Terrell, Texas, last, will be the hard hitting middle-weight will try to put away Jess McMurry from Cincinnati, and the two will put away Wild Bill McDowell, Alvin Turner and others, and will try to keep up his string of knockouts.

In the semi-final, we find Bill Adams (Colored), weight 151 lbs., against the veteran Sammie Caudill, who will be the one fighting that the fans are looking for, and more for 8 rounds.

The rest of the card has Jerry McMurtry, age 19, from Bell Buckle, 80 lbs., against Frank Gilmore, one of the fastest light weights from Cincinnati, against Dave Jarrett, from Lawrenceburg, and one round bout.

**Lost and Found:** Three days after she had received a brooch from a sweetheart, Edith Pederson of Kentucky, Edith reported the loss of the brooch to police, who were unable to unearth a single clue in three years that followed. Recently Edith was taken ill and sent to a hospital, where an X-ray revealed the brooch in her stomach.

Washing Table Silver—Much of the work of polishing table silver can be saved if the silver is cleaned with soap and rinsed immediately after being washed with a soft clean cloth.

Melting Chocolate—Chocolate is easy to burn, and for that reason should never be melted directly over fire. Melt it in the oven or over a pan of hot water.

Stuffed Orange Salad—Allow one orange for each person to be served. Cut through the three-quarters of the way down in inch strips, being careful not to break the strips. Remove the orange pulp and cut in neat dice. Combine with pineapple and grapefruit dice, and fill orange shell with mixture. Drop a spoonful of each salad and garnish with cream cheese and nut meats. Mash with mayonnaise.

Jelly Sauces—One glass jelly (crab-apple, red currant, grape, etc.) to one cup of water. Add one tablespoon butter, one tablespoon flour. Add hot water to jelly and let melt on stove. Heat butter in saucers, add hour and grate.

Cleaning Wood—To clean badly soiled wood, use a mixture consisting of one quart of hot water, one-half cup linseed oil, one-half cup linseed oil and one tablespoon of turpentine. Warm this and use while warm.
